

Annual Theme Scope & Cycle

What if the story we were telling wasn't
just about *me*—but about *we*?

The Bible doesn't start with us. It doesn't begin with our dreams, our struggles, or even our faith. It starts with Jesus.

It's His story first. The story of what God has done through His Son—through His life, His death, His resurrection. The story of how love moved toward the world, even when the world pushed love away.

But here's the beautiful thing: the story doesn't end with Jesus alone. It keeps going—through His people. Through a family formed by grace, not by genetics. A people called the Church. A *we*.

The Bible tells the story of Jesus—and then the story of the people who follow Him. It's a story full of broken people and unexpected heroes. Of failure and forgiveness. Of God sticking with His people, even when they wander.

It's not just a story we read. It's a story we're *in*. Because following Jesus was never meant to be something we do by ourselves. It's not a solo climb or a private journey. It's a life we live together.

We belong to each other.
We grow alongside one another.
We carry one another's burdens.
We cheer each other on.

This is why we matters. Because faith was always meant to be shared. Not just my story of what God is doing in me—but our story of what God is doing through us. The life of Jesus leads to the life of His people.

The story of *me* always finds its place inside the bigger story of *we*.
And that's where the real beauty begins.

THEOLOGICAL FOUNDATIONS

One Priority

“‘Love the Lord your God with all your heart and with all your soul and with all your mind.’ This is the first and greatest commandment. And the second is like it: ‘Love your neighbor as yourself.’”

MATTHEW 22:37-39, NIV

Three Relational Motives

Move kids to **love God** by inciting wonder.

Move kids to **love life** by provoking discovery.*

Move kids to **love others** by fueling passion.

*In the Elementary Phase, the **DISCOVERY** dial is turned all the way up.

Nine Core Insights

Design of God's Creation

What I see around me reveals a Creator who cares about me.

Identity based on God's Image

I am created in the image of God and have unique potential and worth.

Connection because of God's Love

I live in pursuit of an infinite God who desires an eternal relationship with me.

Faith in God's Son

I believe in Jesus and will continue to trust Him even when life doesn't make sense.

Transformation by the power of God's Spirit

God's Spirit is transforming my unique and imperfect life into the character of Jesus.

Truth according to God's Message

What Jesus said and did impacts how I should respond to God's Word in my everyday life.

Restoration through

participating in God's Story

I am designed to participate in God's story to restore a broken and hurting world.

Compassion that reflects God's Character

My faith in Christ is revealed by my compassion and care for others.

Community in the context of God's Family

I choose to live in the complexities of family and community because God values them.

THEOLOGICAL FOUNDATIONS

Three Basic Truths

In the elementary school years, kids will grow in wisdom, faith, and friendship.

I need to make the wise choice.

I can trust God no matter what.

**I should treat others the way
I want to be treated.**

PHASE

The Elementary Phase

Kindergarten–Fifth Grade

➔ What is a phase?

A phase is a timeframe in a kid's life when you can leverage distinctive opportunities to influence their future.

At each phase, your job is simple . . .
Know what can be expected of them and
know how they think so they will hear what
you say and know what to do.

**It's just a phase,
don't miss it.**

➔ Thinks like . . .

An elementary schooler thinks like a scientist.

Scientists understand the world through concrete evidence they can test repeatedly.

Like scientists, elementary schoolers learn best when they can observe something in their present environment. They are concrete thinkers and need repetition and clear application. The more frequently a new concept can be connected to everyday experience, the better.

➔ How they relate to God . . .

God's story inspires my story.

Kids who think like scientists love stories. They relate to a God who heals the sick, conquers evil, explains mysteries, performs miracles, overcomes death, and teaches them how to win at life.

➔ Wants to know . . .

In the elementary years, a child develops skills and competencies that equip their future.

The way a child resolves the "Do I have . . ." questions of each phase provides them with critical knowledge and resources.

The best way to resolve an elementary schooler's relational questions is to consistently engage their interests.

Do I have your attention?

In kindergarten and first grade, a child craves adult attention and approval. When adults demonstrate interest in kids' progress, kids improve abilities.

Do I have what it takes?

In second and third grade, a kid wants to know how their abilities compare with peers. When adults praise kids' persistence and efforts, kids broaden competence.

Do I have friends?

In fourth and fifth grade, a kid begins to prioritize friends in a new way. When adults make introductions and include peers, kids develop friendships.
